

## Termas de Cuntis thermal spa in Galicia receives EuropeSpa med quality certificate

Wiesbaden/Cuntis, June 26, 2015 | Termas de Cuntis, the largest thermal spa in Galicia, and the two adjacent 4 star hotels “La Virgen” and “Castro do Balneario” have been awarded the EuropeSpa med quality certificate. Based on more than 1,000 quality criteria, aspects like infrastructure, security, treatments, accommodation, kitchen and service were assessed.

The thermal spa area “Acquaform” offers a huge variety of wellness and medical treatments and focuses on the prevention and treatment of rheumatism, arthrosis, arthritis, back pains, respiratory, metabolic and skin disorders. The medical treatments include bathes, mud packages, inhalations, physiotherapy and different massages. The wellness area offers among others a Jacuzzi, a steam bath, a Finnish sauna, a gym and a variety of beauty treatments.

The style of hotel “La Virgen” is inspired by a Galician manor. It has 84 rooms, a restaurant with local and international cuisine and direct access to the thermal spa. “Hotel Castro do Balneario” is located in a traditional Galician villa with 18 individually furnished rooms. Both hotels offer 4 star comfort including shower or bathtub/toilet, minibar, safe, air-conditioning and TV.

“With the EuropeSpa med certification Termas de Cuntis have proven their outstanding quality standards. We are delighted to welcome the largest thermal spa in Galicia as certified provider in Spain”, explains EuropeSpa CEO Dr. Kurt von Storch.

## **About EuropeSpa**

EuropeSpa is the international quality system for medical spa and wellness providers worldwide. EuropeSpa's purpose is to develop and publish internationally standardised quality criteria, offer certifications based on these criteria, disseminate this know how in courses and seminars worldwide. EuropeSpa developed from an initiative of the European Spas Association (ESPA). Today it is the ESPA's official quality system for medical spa and wellness. The EuropeSpa certificates are the official seals of quality of the European Spas Association (ESPA). They are considered the most sophisticated quality assessments and allow an international comparison with their cross-boarder standards. EuropeSpa provides technically profound orientation and transparency in the European market for medical spa and wellness. In doing so, EuropeSpa's aim is to stand out against mere marketing or "membership seals", which are often misleading and lacking substance.
